

# JOINT UNIFICATION UPDATE

**No.** 2020\_01

**To:** All Members, Clubs and Districts

**Date:** 22<sup>nd</sup> May 2020

**From:** Women's Bowls NSW and Bowls NSW

An update from the Boards of Women's Bowls NSW and Bowls NSW.

In this time of uncertainty across NSW, the Boards of Women's Bowls NSW (WBNSW) and Bowls NSW (BNSW) wanted to assure all the members of the NSW bowling family that they have been working hard 'behind the scenes' to safe guard and protect our sport in the coming months.

As part of this work both Boards have managed to meet virtually to start to build towards what bowls could look like in NSW under a unified body. Although at the very early stage of this process both Boards have committed and are looking forward to working together exploring all the available options that will eventually lead to the betterment and improvement of the sport in NSW.

WBNSW and BNSW are also dedicated to making sure all members are kept updated as discussions progress, so you will notice over the coming months regular joint communications coming from both associations.

Pam Andrich

State President  
Women's Bowls NSW

Vince Beard
